**Curriculum Drivers**

**Resilience**

**Environment**

**Diversity**

Resilience will be taught throughout the curriculum in PSHCE.

Children will be learning about the environment of the seaside

We will learn about the importance of getting on with others.

Children will also learn through studying the resilience of rock pool creatures in order to survive their environment

How plastics are effecting our sea shore habitats and creatures.

We will be comparing our class country to the UK.

Children will be learning the importance of reducing, reusing and recycling materials look after the environment.
